A SUMMARY OF YOUR ADVISORY RELATIONSHIP WITH PRICE FINANCIAL GROUP WEALTH MANAGEMENT, INC.

APRIL 1, 2026

ITEM 1 – INTRODUCTION

Price Financial Group Wealth Management, Inc. (“Price Financial”) is registered with the Securities and Exchange Commission (SEC) as an investment adviser. Brokerage and investment advisory services and fees differ, and it is essential for you to understand these differences. Free and simple tools are available to research firms and our Financial Professionals at Investor.gov/CRS, which also provides educational materials about broker-dealers, investment advisers, and investing.

ITEM 2 - RELATIONSHIPS AND SERVICES

WHAT INVESTMENT SERVICES AND ADVICE CAN YOU PROVIDE ME?

Price Financial offers investment advisory services to retail investors. Our firm manages advisory accounts on a discretionary and non-discretionary basis. In a discretionary account, you have granted written investment authority to your Financial Professional to execute purchase and sell orders in your advisory accounts without consulting with you first. With our non-discretionary relationship, calls will be placed presenting the recommendation made and only upon your authorization will any action be taken on your behalf. You may limit our discretion, such as by imposing reasonable restrictions on investing in certain securities or groups of securities. Our firm monitors your agreed upon asset allocation target and investments on an ongoing basis to align with your investment goals. This service is included as part of the Firm’s standard advisory services. Our Firm requires a minimum portfolio value of \$100,000 in order to provide advisory services to you. This minimum portfolio value requirement is negotiable. If deemed appropriate for you, our Firm will recommend utilizing an independent Third-Party Money Manager (“TPMM”) to aid in the implementation of investment strategies for the client’s portfolio. Our Firm offers financial planning and consulting services for our clients. Financial Planning services can be provided on a stand-alone basis or in conjunction with our investment management services. Our Firm provides general investment recommendations, on a limited basis to our clients. In a consulting engagement, you will be required to select your own investment managers, custodian, and/or insurance companies for the implementation of consulting recommendations.

QUESTIONS TO ASK YOUR FINANCIAL PROFESSIONAL:

- Given my financial situation, should I choose an investment advisory service? Why or why not?
- How will you choose investments to recommend to me?
- What is your relevant experience, including your licenses, education, and other qualifications? What do these qualifications mean?

ITEM 3 - FEES, COSTS, CONFLICTS, AND STANDARD OF CONDUCT

WHAT FEES WILL I PAY?

Our firm charges an annual investment advisory fee based on a percentage of assets under our management. The investment management fee includes investment management supervision, trade entry, and other account maintenance and/or service activities. Our investment management fees are based on a percentage of the total account value. Our maximum annual investment advisory fee is 1.65%, billed in arrears on a monthly basis. The more assets in your advisory account(s), the more you will pay in fees, and therefore, our firm has an incentive to encourage you to increase the assets in your account(s). Our Firm provides services on a wrap fee basis as part of a wrap fee program. Under our wrap program, you will receive investment advisory services, the execution of securities brokerage transactions, custody and reporting services for a single specified fee. This fee also covers third party money manager fees, platform fees, transaction costs and certain administrative and custodial costs associated with your investments. If you expect to trade infrequently or to pursue a “buy and hold” strategy, a wrap fee program may cost you more than paying for the program’s services separately. The mutual funds and/or ETFs held in your advisory account(s) will charge management fees and other expenses. For our Investment Management clients, financial planning services are included in the Investment Management fees described above. For stand-alone financial planning arrangements, we will negotiate the planning fees with you using either a fixed fee or an hourly rate. Fees for stand-alone financial planning services will not exceed \$3,000 and hourly fees will not exceed \$250/hour. You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

QUESTIONS TO ASK YOUR FINANCIAL PROFESSIONAL:

- Help me understand how these fees and costs might affect my investments.
- If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?

**WHAT ARE YOUR LEGAL OBLIGATIONS TO ME WHEN ACTING AS MY INVESTMENT ADVISER?
HOW ELSE DOES YOUR FIRM MAKE MONEY AND WHAT CONFLICTS OF INTEREST DO YOU HAVE?**

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means. Asset-based fees present a conflict because our Firm is incentivized by encouraging you to invest additional funds in your advisory accounts. Our Firm is required to disclose commonly owned entities that would provide different services to you and generate additional compensation to our Firm. Please note that you always have a right to choose services and products from our affiliated entities or any other firm that provides similar services and products. Our firm allows our Financial Professionals to invest in the same securities as you; therefore, our Financial Professionals may have an incentive to favor their personal accounts over your advisory account. Lastly, some of the products, services and other benefits provided by your custodians are used in servicing all of our Firm's advisory accounts and therefore may not directly benefit your advisory account. If you have questions about whether any of these situations could apply to your investments, ask your Financial Professional.

QUESTIONS TO ASK YOUR FINANCIAL PROFESSIONAL:

- How might your conflicts of interest affect me, and how will you address them?

HOW DO YOUR FINANCIAL PROFESSIONALS MAKE MONEY?

Our financial professionals are compensated based on the revenue our firm earns from our investment advisory fees. This compensation is based on the amount of assets they service, the amount of time spent, and the complexity required to meet the client's needs or revenue based on the recommendations provided by our Financial Professionals. Some of our Financial Professionals are insurance licensed and receive commissions, trails, or other compensation from the respective insurance companies as a result of effecting insurance transactions. However, you have the right to decide whether to act on the recommendation. While some of our Firm's Financial Professionals are engaged in outside business activities, we are required to disclose material outside business activities and any conflict it may pose to you. Our Firm supervises the business activities of our Financial Professionals through our compliance program. All Financial Professionals are required to follow a Code of Conduct to mitigate any conflicts to you.
